Nationality: Italian | Date of Birth: 29/05/2003

Profile

Cybersecurity Master's student with a strong technical background in information engineering and programming, interested in IT security, risk management, and the role of cybersecurity in organizational and business contexts.

Education

- **Master's in Cybersecurity (LM-18)**, Sapienza University – Rome, Italy (1st year in progress)
- **Bachelor of Science in Information Engineering, Computer Science and Statistics (L-8)**, Sapienza University - Latina Campus, Italy
- **Diploma in Computer Science and Telecommunications**, Istituto d'Istruzione Superiore Carlo e Nello Rosselli - Aprilia, Italy, 100/100

Professional Experience

- **Corporate Training**, June 2023 – Present
  - General IT and computer science fundamentals
  - Cybersecurity practices and best practices
  - Microsoft Office suite (Word, Advanced Excel, PowerPoint)
  - Software development tools and practical exercises
- **Private Tutor (Informatics, Mathematics, Physics, Chemistry)**, Sept 2021 – June 2022
  - Developed customized study plans and explained complex technical concepts
  - Assisted students in practical programming and problem-solving exercises
  - Monitored progress and provided constructive feedback

Technical Skills

- **Programming:** Python (pandas, numpy), C++, C, HTML, CSS, JavaScript, PHP, SQL, Verilog, SystemVerilog, Assembly, Java, Kotlin, Lua
- **Systems/Tools:** Linux, Windows, Eclipse, Flowchart, Draw.io, MySQL, MS Access, phpMyAdmin, MS Office, Vim, Notepad++, Vivado, Docker, Kubernetes
- **Networking/Cybersecurity:** CCNA R&S, IT Essentials, Cybersecurity Essentials, Intro to CyberSecurity, CCNAv7 Switching, Routing, Wireless Essentials
- **Data Analysis / Finance Tools:** Excel advanced, VBA, SQL, Python (data analytics libraries), business process analysis

Certifications

- IT Essentials 002 New - IT Essentials: PC Hardware and Software, Cisco Networking Academy
- ITN1_1819 - CCNA R&S: Introduction to Networks, Cisco Networking Academy
- Intro to CyberSecurity - Cisco CyberSecurity Scholarship 2020/2021
- Entrepreneurship - Cisco Networking Academy
- Cybersecurity Essentials Scholarship - Cisco Networking Academy
- CCNAv7: Switching, Routing, and Wireless Essentials
- Informatica EIPASS Standard

Languages

- Italian: Native
- English: Advanced
- French: Elementary

Soft Skills

Problem solving, analytical thinking, teamworking, communication, time management, adaptability, proactive attitude, attention to detail

Projects and Additional Experience

- Erasmus project in Ireland (County Leitrim - Lough Allen College)
- BoardGame School project - educational games and interactive learning
- Volunteering and contribution to food bank initiatives
- Civil Service Volunteer – National Civil Service Program
- School-Work Alternation project: IFS simulation of a training company (SafeCrossing) – prototyping of pedestrian safety devices (Bollards) using Arduino
- Kaplan International School - Intensive English Course, B2 Certificate of Attendance (2 weeks)

Personal Projects / GitHub

- **Complex Gym Website** – full-stack web application for gym management (frontend, backend, database)
- **P2P Chat Application** – peer-to-peer messaging system
- **Experimental Thesis: ASCON on FPGA** – implementation of ASCON lightweight cipher on FPGA, integrating SPI interface and PUF for key generation; simulated using FT232H USB-to-GPIO chip
- GitHub repositories: https://github.com/ricky2905
